

WINTER HOME CHECKLIST

1. Schedule furnace maintenance and replace filters regularly to maintain efficiency throughout the winter.
2. Arrange snow removal or have shovels, ice scrapers and sidewalk salt ready for snowfall.
3. Test smoke and carbon monoxide detectors. Replace batteries as needed to ensure proper operation.
4. Check windows and doors for drafts. Repair or replace weatherstripping where necessary.
5. Have your chimney inspected and swept as needed for safe use throughout the colder months.
